SOLUTIONS

1. App Installation.

Download Virdi Mobile Card Application  on iPhone App Store or Google Play Store.

2. Authentication.

1. Enter your Phone Number and press “Send”.

2. You will receive an authentication number by text message. Input the number and press “OK”.

The screenshot shows the VIRDI app interface for entering a phone number. At the top, the VIRDI logo is displayed. Below it, the text "Enter your phone number" is centered. There are two input fields: the first contains "+82" and the second contains "Mobile number". Below these fields, a small note reads "*Verification will be executed". A large yellow "Send" button is positioned at the bottom of the main content area. At the very bottom, a yellow banner contains the text "Verification Code" and "This Verification code is valid within 5min. After verification, phone number cannot be edited".

The screenshot shows the VIRDI app interface for entering an authentication code. At the top, there is a back arrow and the VIRDI logo. Below it, the text "Enter your phone number" is centered. There are two input fields: the first contains "+82" and the second is empty. Below these fields, the text "Input authentication number" is centered, followed by a large empty input field. A blue link labeled "Resend verification code" is positioned below the input field. A large yellow "Ok" button is positioned at the bottom of the main content area. At the very bottom, a yellow banner contains the text "Verification Code" and "This Verification code is valid within 5min. After verification, phone number cannot be edited".

3. Create an account.

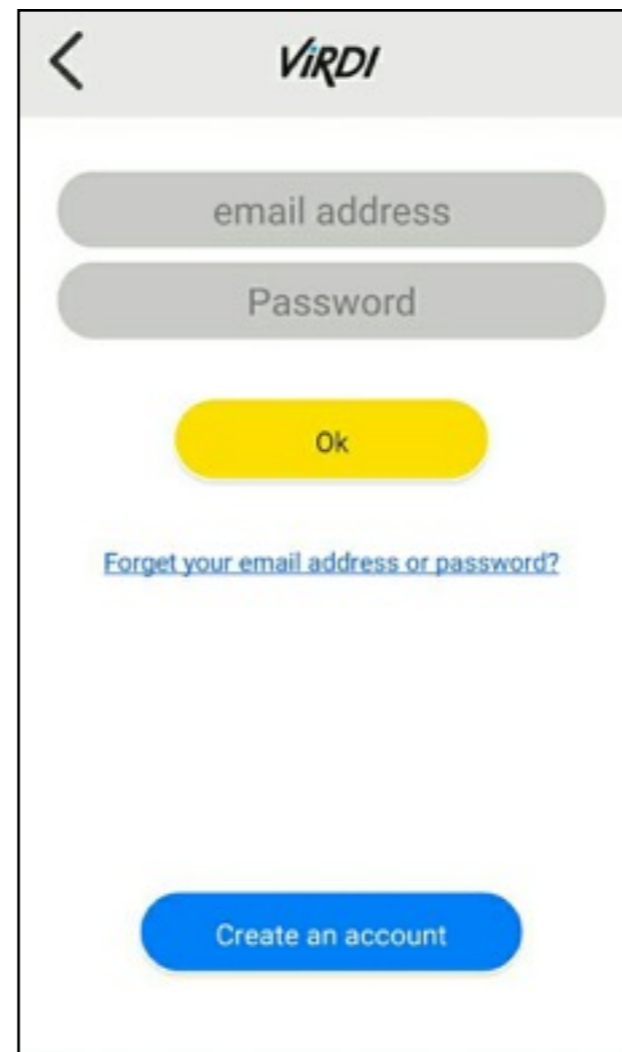

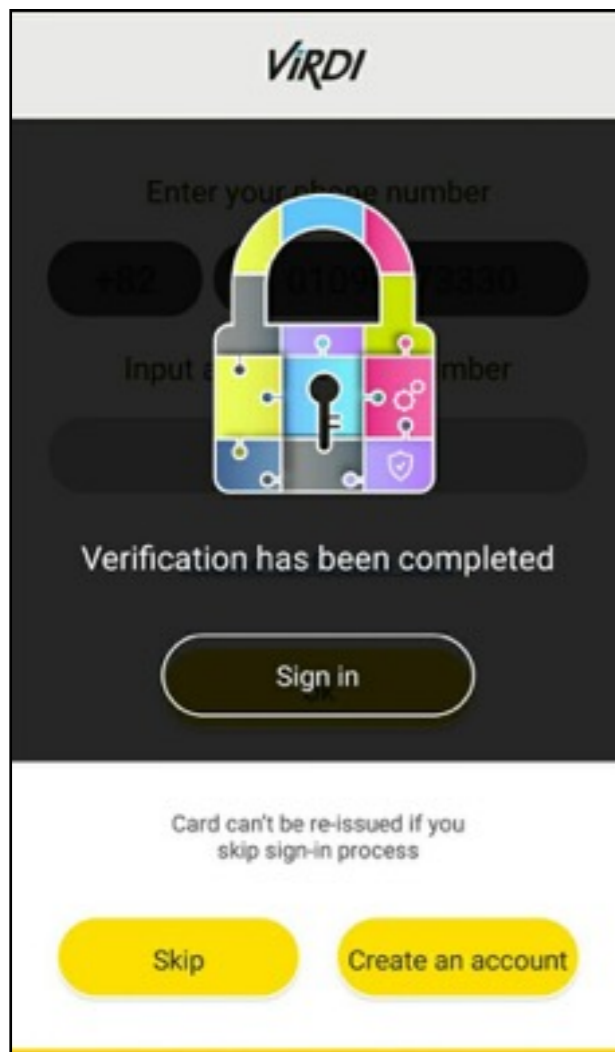

You can Sign in/ Create an account or Skip.

We recommend you to create an account in order to be able to synchronize and update your cards.

1. Tap “Create an account”.

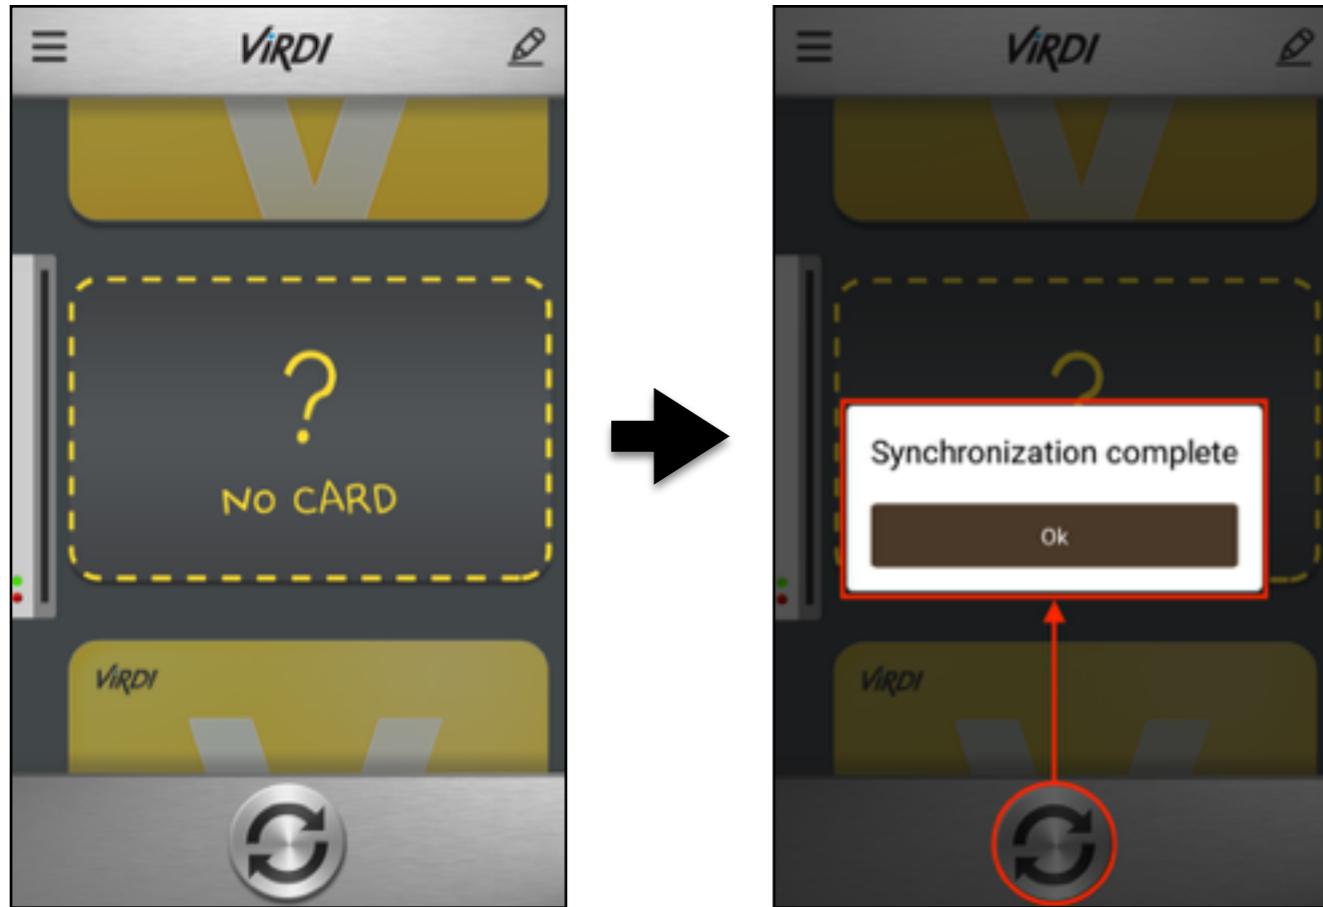

2. Input an Email address and Password in order to Create an account or Login.

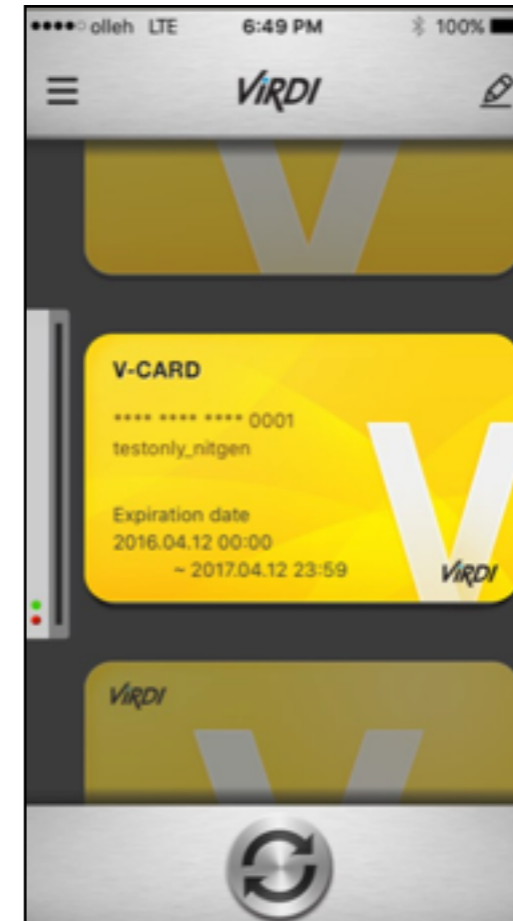

4. Synchronize & Use your Cards.

1. Tap the bottom Synchronization button  to get access to your cards.

2. After synchronisation is completed, You will see all of your available cards.

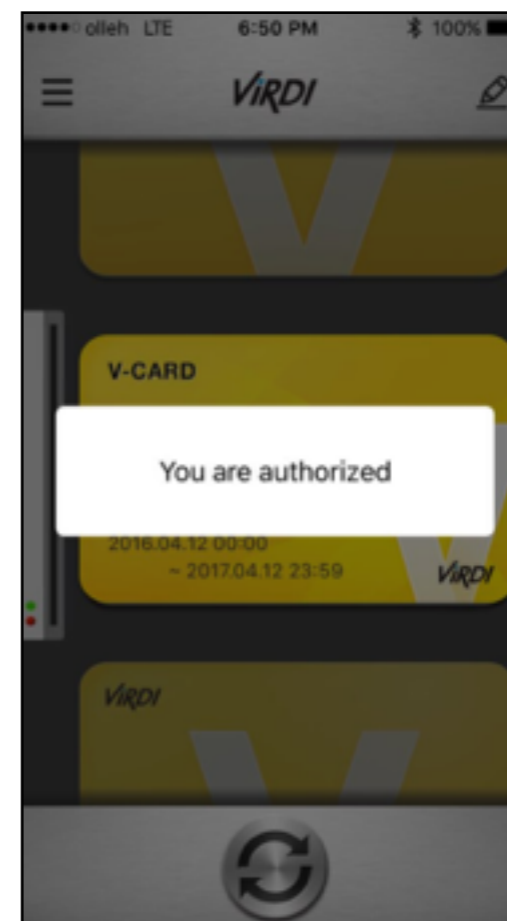

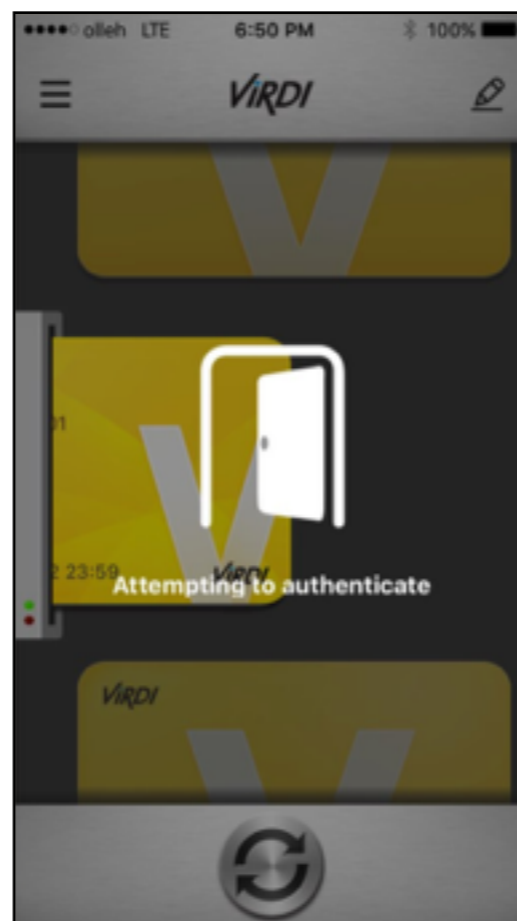

4. Synchronize & Use your Cards.

Scroll up or down to select a card you want to use, then Tap on a Card to use it.

Green cards are Temporary cards (valid for one day).

Yellow cards are Mobile cards (valid for one year).

5. Edit Settings.
